2025 Orange County Housing Finance Authority OPEN CYCLE TAX-EXEMPT BOND APPLICATION

Dear Applicant:

The Orange County Housing Finance Authority (“the Authority”/“OCHFA”) announces its **2025 Open Cycle Allocation** process open. Effective June 21, 2024, the Authority will be accepting applications for its 2025 Open Cycle Bond Application Process, for multi-family developments. OCHFA will continue to accept submissions of applications until all of the Authority’s applicable volume cap allocation is committed or the application process is suspended. All applications must be complete and all applicable fees must be paid at the time of submission in order for the applications to be considered.

Questions relating to this application and the policies of the Authority should be directed to Frantz Dutes, Interim Executive Director, and no other persons unless otherwise authorized by the Interim Executive Director.

APPLICATION INFORMATION

SET-ASIDE OF PRIVATE ACTIVITY VOLUME CAP REGION-8 (ORANGE COUNTY)

The Orange County Housing Finance Authority will set-aside up to 50% of its Annual Private Activity Volume Cap for proposed development(s) that are in compliance with one of the following requirements:

- (a) Received a commitment or financing from the Orange County Housing Trust Fund (OCHTF);
- (b) Awarded Housing Trust Funds by the Orange County Board of County Commissioners; or
- (c) Proposal qualifies as a Development of Special Impacts.

Beginning with the 2025 Annual Volume Cap Allocations, in the event Private Activity Bond Volume Cap becomes available at the State and allocated to the Authority, OCHFA will set-aside up to 50% of any Annual Volume Cap Allocation (on a first-come, first-served basis) for applicants that have received an award under the OCHTF – this provision will be applicable in Region-8 only.

All applications approved for Housing Trust Funds, through Orange County or as a qualified Development of Special Impacts, [\(ref pg-2\)](#) must comply with the following, mandatory requirements.

I) OCHFA FEASIBILITY CRITERIA FOR TRUST FUND DEVELOPMENT(S):

1. Written evidence of OCHTF commitment or award.
2. The Debt Service Coverage (DSC) must meet the requirements of OCHFA's existing DSC Policy.
3. Unless otherwise extended by the Division of Bond Finance (DBF), OCHFA must close bond financing within 155-days (to include approved third-party Underwriting Report), once the DBF approves allocation.
4. All proposed developments supported with OCHTF must be new construction.
5. Completeness of Financing Plan – Must have a complete financing plan which, based on the information submitted, appear to be feasible. [\(ref pg-3\)](#)
6. Must clearly meet all Legal, Regulatory and Policy requirements.
7. Experience of Applicant – Applicant must demonstrate a level of experience which would reasonably lead staff to expect completion of the transaction within the applicable timeframe.
8. Experience of Project/Finance Professionals – Professionals that demonstrate a level of experience which would reasonably lead the staff to expect the transaction will be completed within the applicable timeframe.
9. Demonstrated Market Need – Proposed Development(s) must be located in Markets where the additional housing will not “compete” for tenants with other existing affordable housing in the immediate market. Applicant must provide a current Market Study, to include a map reflecting all other affordable rental units within a one (1) mile radius.

II) ABILITY TO PROCEED (READINESS)

1. Evidence of Site Control: Must submit proper evidence of Site Control. [\(ref pg-8\)](#)
2. Evidence of Zoning: Must submit evidence of proper zoning designation. [\(ref pg-9\)](#)
3. Evidence of Concurrence: Must submit evidence of concurrence with comprehensive plans. [\(ref pg-9\)](#)
4. Preliminary Site Plan – Must submit evidence of Preliminary site plan approval (if required).

III) DEVELOPMENT(S) OF SPECIAL IMPACTS

Development(s) of Special Impacts will be given priority consideration for Volume Cap Allocations and application(s) submission requirements. The Board will consider the following criteria to determine if an applicant qualifies as a Development of Special Impacts:

- a) All development(s) must be new construction;
- b) Development(s) that demonstrate a partnership among a major local employer, developer and local and/or state government;
- c) Development(s) of at least 800-units, which set-aside 75% of the total units for households with income limits of 60% or less of the Area Median Income (AMI), and of these units, a minimum of 10% must be set-aside for households with income limits of 50% or less of the AMI; and
- d) Development(s) having a build out over a phased timeline of 2 to 4 years.

IV) MAXIMUM ALLOCATION OF VOLUME CAP

1. OCHFA will not allocate more than 33% of its annual volume cap to any one project sponsor and/or applicant without the approval of a supermajority of the Board.

V) ADDITIONAL REQUIREMENTS

1. OCHTF and Developments of Special Impacts must comply with ALL requirements not listed above, but are included in this application.

Applications for Region-8 (Orange County), not requesting set-aside volume cap, will be reviewed on a first-come, first-served basis; and must meet the threshold requirements of the Authority, as set forth in the application. These application(s), subject to volume cap, will be submitted to the Board of Directors for consideration, in the order of their receipt by the Authority, and if approved, will be submitted to the State Division of Bond Finance (in order of receipt) to be placed on the waiting list for Private Activity Bond Allocation.

All proposed projects that involve acquisition and rehabilitation of existing properties must include; a current Comprehensive Property Assessment/Condition Report (with estimated costs) as part of the application. The report must be prepared by a third-party firm, experienced in preparing such reports.

Application(s) submitted to the Authority only commits OCHFA to consider the applicable proposed development and financing; and does not create any rights in favor of the applicant. The Authority has concerns that market conditions, in some of the sub-market areas in the Orlando MSA, are saturated/over-built and will not support new affordable multi-family housing units; due to population, income and occupancy characteristics.

All such applicants for new construction must **provide a market study demonstrating the need for affordable multi-family housing units in the sub-market area** where the development is proposed; and such study must show that the additional housing will not “compete” for tenants with other existing and/or planned affordable multi-family housing in the immediate market area.

CONTROL OF THE PROPERTY

The Authority will only consider a request for inducement when the Applicant can demonstrate control of the real estate. Control of the real estate can be evidenced by proof of ownership or by an executed Purchase Contract, Deed or Option Agreement. Such instrument should clearly state the time period for which the instrument is effective, the purchase price to be paid and the cost of any extensions in the contract period, if applicable.

PROPER ZONING FOR USE INTENDED AND CONCURRENCE

For new construction, the subject site, at the time the application is submitted, must be zoned for multi-family use with the appropriate number of units per acre and must meet concurrency requirements. Letters from the counties or municipalities confirming the multi-family zoning and concurrency requirements or other official documentation are required to accompany an application for it to be considered complete.

AUTHORITY POLICIES RELATING TO TAX EXEMPT BONDS

1. **Financing Plan** – The Authority must approve the financing plan for each development for which it adopts an Inducement Resolution. Elements of a financing plan include:
 - a) Identification of a credit enhancement provider (if credit enhancement is part of the financing plan) and the basic structure of the proposed transaction.
 - If a third-party credit enhancement is not proposed, then the method of obtaining an investment grade credit rating, if applicable, must be identified.
 - b) If the applicant proposes to have the Authority issue bonds without benefit of a credit rating, the applicant must comply with the Authority’s policy relating to unrated bonds.

- c) **Is the initial bondholder affiliated with the Borrower and/or the proposed tax credit investor?**
- **If so, does counsel to the Borrower or the tax credit investor view such relationship as impacting whether or not the loan to the Borrower will be considered a “program investment” for purposes of IRC section 148 and, as a result, the amount or timing of the Authority’s fee?**
 - **If such relationship impacts the Authority’s fees in any way, the Authority will not accept such structure.**
 - **If the applicant is uncertain whether its deal structure will fall within this disfavored category, the applicant should consult with their tax credit investor, prior to the submission of an application.**

Authority staff will analyze the financing plan submitted by an Applicant to determine the degree to which the financing plan is feasible and likely to be completed within the timeframe proposed. The Authority reserves the right to utilize its Financial Advisor and a third-party real estate underwriter to evaluate the financial feasibility and risk characteristics of each proposed financing.

2. **Unrated & Unenhanced Bonds** – The Authority will consider issuing bonds without an investment grade rating on a “private placement” basis to a “Qualified Institutional Buyer” (as that term is defined by Rule 144A promulgated by the Securities and Exchange Commission (the “SEC”) or via an underwritten “limited public offering” to one or more “Accredited Investors” (as that term is defined in Regulation D promulgated by the SEC) (collectively referred to as “Sophisticated Investors” herein) under policies approved by the Authority and attached hereto as Exhibit A.
3. **Bond Counsel** – The Authority has retained Greenberg Traurig, P.A., as Bond Counsel in connection with its single-family and multi-family housing bonds. GTLaw, is a nationally recognized firm and has significant experience serving as Bond Counsel in matters pertaining to tax-exempt housing revenue bonds.
4. **Issuer’s Counsel and Disclosure Counsel** – The Authority has retained Greenberg Traurig, P.A., as Issuer’s Counsel and Disclosure Counsel. 5. **Financial Advisor** – The Authority has retained CSG Advisors Incorporated (CSG), as its Financial Advisor. CSG represents the interests of the Authority and serves in an oversight capacity for multi-family bond transactions. The applicant may also engage its own financial advisor to assist in obtaining and negotiating the terms of any credit enhancement, structuring the bonds, obtaining an investment grade rating on the bonds, obtaining market pricing on the bonds, and managing the transaction to assure an orderly and timely closing.
6. **Investment Banker/Underwriter** – For bonds sold via public offering, the Applicant is required to provide the name of a qualified banking firm to underwrite and sell the bonds. The Authority maintains a list of qualified banking firms approved to underwrite and sell its bonds in the public markets, attached hereto as Exhibit B. Underwriters not presently approved by the Authority may be considered, provided a summary of the underwriter’s firm experience underwriting housing bonds is submitted to the Authority. The Authority reserves the right to approve or disapprove, for any reason, any Underwriter(s) nominated by an applicant.

7. **Bond Related Fees** – In connection with an application for inducement and the subsequent issuance of housing revenue bonds, the Authority, and its professionals will charge the following fees:

A. ORANGE COUNTY HOUSING FINANCE AUTHORITY FEES:

COMPLIANCE WITH FEDERAL AND STATE LAWS RELATING TO TAX EXEMPT BONDS

The proposed project must comply with all federal and state laws relating to the use of tax-exempt bonds, including, but not limited to, the following:

1. **Ninety-Five Percent Test** – 95% or more of the net proceeds of the bonds must be used to provide tax exempt facilities such as a residential rental property;
2. **Residential Rental Property** – To qualify, the project must be classified as a residential rental property (i.e., a multi-family housing development) consisting of one or more similarly constructed units which (i) must be used for other than on a transient basis; (ii) made available for rental to the general public; and (iii) satisfy the continuous rental and very low- or low-income occupancy requirements. Hotels, motels, dormitories, fraternity and sorority houses, rooming houses, hospitals, nursing homes, retirement homes, sanitariums, or rest homes are not residential rental properties. Each rental unit must contain separate and complete facilities for living, sleeping, eating, cooking and sanitation.

3. **Low or Very Low Income Leasing** – The project must be continuously subject to Very Low or Low Income leasing requirements. The Borrower must elect to set-aside either (i) twenty percent (20%) of the units for rental to persons and families with household incomes of fifty percent (50%) or less of Area Median Income; or (ii) forty percent (40%) of the units for rental to persons and families with household incomes of sixty percent (60%) or less of Area Median Income, or choose the Income Averaging Option. In either case, household income limits are adjusted for family size.
4. **Private Activity Bond Allocation** – If the Applicant is a private person (not a governmental unit or a 501(c)(3) not-for-profit corporation), the issuance will be a “private activity bond” and, as such, will require an allocation of Private Activity Bond Volume Cap from the Florida State Board of Administration. Pursuant to state law, Local Housing Finance Authorities may apply for allocations of Bond Volume Cap on the first business day of each calendar year. If approved, the local authority has 155 days from the date of approval to issue tax-exempt bonds for the intended purpose, or the allocation must be returned to the State for reallocation to other projects or requests. There is no guarantee that allocation will be available or granted for any project nor will that such allocation remain available beyond the 155 days from the date of approval. All private activity bonds are subject to the availability of allocation. The Authority will solely determine the order in which allocation is applied for and will consider such factors as the timing of the issuance of the bonds which may be based on an applicant or related party's history of meeting or missing proposed timeframes or the failure to utilize prior allocation.
5. **Rehabilitation** – If the Applicant intends to acquire an existing housing development, at a minimum, all deferred maintenance items and structural deficiencies identified in the Property Assessment/Condition Report must be corrected and all improvements must meet current code requirements after rehabilitation is completed. At a minimum, at least fifteen percent (15%) of the net tax-exempt bonds issued must be used for rehabilitation expenditures that have been or are completed within a two-year period of the date of issuance. Rehabilitation expenditures generally mean any actual amount properly chargeable to a capital account and incurred in connection with the rehabilitation of the Project.

APPLICATION INFORMATION AND FORMAT REQUIRED FOR INDUCEMENT REQUEST

To be considered, the Applicant must prepare a clear, brief and concise proposal which fully responds to questions #1 through #20 within this section; and submit the application as follows:

1. Name, address, telephone number and form of organization (limited partnership, L.L.C., etc.) of the Applicant (the “Borrower” as it will appear in all bond documents).
 2. Name, address, financial statements and résumé for each of the key principals of the Applicant. The résumés should specifically address principal’s experience, as it is relevant to the proposed housing development. Include a location map of the proposed site (**paying special attention to the accuracy of its boundaries**) and, if available, preliminary site plan drawings, elevation renderings, unit layout drawings, etc.

4. Description of the various levels of services and care to be provided and evidence of the need for such services within the area. This section must specifically address whether the project will compete with other existing or planned affordable housing in the immediate market. Include a recently prepared local market or feasibility study or recently completed “as-completed” real estate appraisal prepared by independent professionals relating to the development.
5. Provide Evidence of Site Control and status of any site plan approvals.
6. Provide Evidence of Zoning. Describe any code or ordinance variances that must be approved before Permitting will be authorized by the jurisdiction. If the proposed financing is for rehabilitation, describe the proposed rehabilitation, and indicate the extent to which the proposed scope of work is expected to meet local building ordinances and code. Describe the status of any preliminary site plan approvals (if required) or building permits applied for, prior to the date the application has been submitted.
7. Describe how the proposed development is in compliance with the jurisdiction’s Comprehensive Plan (including the extent to which existing roads, utilities (i.e., water and sewer), fire, police, schools, transportation, and other public services presently exist to service the project). Describe the proximity of employment centers to the project.
8. Provide evidence related to the project’s location within a particular County or City limits. Also, provide documentation of specific County Commissioners’ and/or City Councilman’s District; example: Property Appraiser’s map.
9. Provide documentation to indicate if the site is located in an IRS designated Targeted Area for tax-exempt bond financing. Target Areas boundaries are attached hereto as Exhibit-C. Please indicate whether or not the project is located in a “Qualified Census Tract” or “Difficult to Develop Area” for Tax Credits.
10. Provide the name and experience of the Architect and General Contractor.
11. Provide the name and experience of the Management Company and/or Property Manager. The proposed company/individual must be familiar with the rules, regulations, and requirements as related to compliance with federal and state provisions for Multi-Family Tax-Exempt Bond Program and/or the Low Income Housing Tax Credit Program.
12. Provide the name of the proposed Investment Banker/Underwriter(s) selected by the Applicant. If the proposed financing involves bonds that will be remarketed, provide the name of the proposed Remarketing Agent.
13. Provide the name of the Trustee (registrar, payee) and, if the bonds require a Tender Agent, provide the name of the proposed firm that will accept the duties of Tender Agent.
14. Provide a description of the proposed financing plan, including the provider name and status of any anticipated credit enhancement (if credit enhancement is part of the Financing Plan) at the time the application is submitted.

- Include copies of any written confirmations relating to the proposed credit enhancement from lenders, mortgage underwriters, banks, or other institution expected to be a party to the credit enhancement structure. Such written confirmations will be reviewed by the Authority to determine the likelihood the proposed financing is feasible and can be completed in the timeframe proposed.
 - Indicate the anticipated investment grade rating expected on the bonds, and the rating Agency (or Agencies) expected to be used.
 - In the event the bonds are proposed to be placed or sold without an investment grade rating, provide the name and experience of the proposed Sophisticated Investor, if the bonds are to be privately placed. If non-investment grade bonds are to be underwritten and sold through a limited public offering, describe the preliminary proposed terms of the loan and bond structure, including any requirements for reserves and working capital to be funded at the time bonds are issued.
 - Indicate if any other sources of federal, state or local monies are expected to be approved for the project (include estimated equity funding expected to be raised through the sale of Low Income Housing Tax Credits), and the current status of any pending requests for such funding.
 - Indicate whether the initial bondholder is affiliated with the Borrower and/or the proposed tax credit investor and whether or not the loan to the Borrower will be considered a “program investment” for purposes of Internal Revenue Code section 148.
15. If the proposed development involves acquisition and rehabilitation of an existing property, provide a description of the scope of extraordinary repairs and replacement that will be implemented during the rehabilitation period and the expected timing of such improvements. Include an Architectural and Engineering Property Condition Report, assessing the current condition of the project and describing the recommended scope of improvements. Also provide the name and a brief statement of the qualifications of the firm preparing the report and indicate if the firm is an independent third-party or a related party to the Applicant.
16. Provide a detailed Development Budget for the project, including a cost breakout for any consultants and other professionals expected to be engaged by the applicant. Include preliminary Cost of Issuance Budgets for the Authority and Borrower and Sources and Uses of funds (for the time bonds are issued and upon completion of the development, if additional sources are anticipated after the issuance of bonds).
17. Provide detailed Pro Forma Operating Statements, including estimated rental rates for each type of unit. The pro forma should be based on the highest “all in” bond interest rate that would allow the project to be feasible and should include estimated operating expenses from the time the bonds are closed through the estimated stabilized rent/expense period. The Pro Forma budgets must include both aggregate and per unit amounts by line item. Line items should be sufficiently detailed to allow the Authority and its consultants to evaluate the reasonableness of the assumptions used (budgets without detail for normal and customary income and expense items are not acceptable). Extraordinary income from other operations (e.g., cable TV, laundry, etc.) may not exceed five percent (5%) of gross rents. Multi-year projections beyond the “stabilization period” are required and should reflect the Applicants “pessimistic” scenario (e.g., assuming rents inflate at a rate that is less than expense inflation).
18. Quantify all estimated fees to be paid at closing and/or over the life of the project, including the estimated amount and timing of any developer fee, consultant’s fees, construction management fees and other fees expected to be realized by the Applicant. Also include fees for related parties where the principals are the same persons as those working with, or on behalf of, the Applicant in connection with the proposed housing development.

19. Provide an explanation of why tax-exempt bond financing is needed for the project. Also, if appropriate, indicate why other sources of federal or local housing subsidies, including Low Income Housing Tax Credits, SAIL, SHIP, HOME, CDBG, etc. are needed to complete the proposed housing development.
20. Describe how the project will comply with federal and state laws regulating the use of tax-exempt bonds, Low Income Housing Tax Credits, and all other federal, state or local monies expected to be awarded in connection with the proposed development. Include all unit rent restrictions that will apply and indicate the current maximum rents that would be allowed, if applicable. Provide an explanation of how the marketing plan will address the need to meet very low or low and moderate income leasing requirements. Also, if applicable, indicate the extent to which any existing tenants will be affected by the proposed financing and the Applicants plans for addressing this issue.
